

# Girls Talk

*At school we got Girls Talk. It was really fun. We were talking about girl things, like what we have to do when we become a women later. And we were playing a game, and sometimes we are watching a video. About what bad and good was with girls and boys. And when we were ready to go home than we could say nothing to the boys because it was privately.*

*The end.*

*Greets Suman,  
Diora and  
Abigail.*
